### **EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Independent claims 1 and 11 are allowable because the prior art of record does not disclose or reasonably suggest a combination of a voice interface generating a request form containing a list of messaging/collaboration service options, and a voice interface access page invoking a COM (Component Object Model) object in response to a completed request form, where an access module additionally is configured to create a replacement reference identifying a data item without passing the data item.

Applicant's Specification, Page 3, Lines 19 to 24, and Page 20, Line 28 to Page 22, Line 6, discloses subject matter relating to the claim limitation of invoking a COM object for a completed request form. The prior art of record does not disclose or reasonably suggest the claimed combination of features having a COM object for a request form.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
